Building Addition and Subtraction Strategies

Develop all students' fluency with addition and subtraction facts through well-planned instructional strategies and games.

- Investigate activities to develop understanding and build fluency.
- Explore a variety of mathematical strategies, models, and tools.
- Experience instructional strategies that promote student thinking and discussion.
- Examine research on fact fluency development.
- Engage in fun games to incorporate throughout the year.
- Explore various assessment strategies

The book, *Math Fact Fluency*, will be provided.
