FORUM

Continuous Improvement: Getting Better at Getting Better

As we consider the architecture of the new accountability and continuous improvement system, this forum offers the time and space for district teams* to engage in focused discussions that foster consistency of policy, purpose, and practice.

“The greatest influence on student progression in learning is having highly expert, inspired and passionate teacher and school leaders working together to maximize the effect of their teaching on all students in their care.” (Hattie)

“When large numbers of people have a deeply understood sense of what needs to be done - and see their part in achieving that purpose - coherence emerges and powerful things happen.” (Fullan)
